

# How to insert Google video into PowerPoint

1. Go to Google video (video.google.com) and locate a video.

[Send link](#) - [Put on site](#) <sup>New!</sup>

Copy and paste the HTML below to embed this video onto a web page.

2. In the window you will see 'PUT ON SITE'
3. Copy the code to word. Then copy the text in black in between the start/end points shown below.

```
<embed style="width:400px; height:326px; " id="VideoPlayback" align="middle" type="application/x-shockwave-flash" src="http://video.google.com/googleplayer.swf?videoUrl=http%3A%2F%2Fvfp.video.google.com%2Fvideodownload%3Fversion%3D0%26secureurl%3DpAAAADCbW82w8_TEXkJF0h_XAd3zhNn2nAi4UsysvtejFnrPA3OIGGRpyTCQ7XydA0xFDmPIQ7C4c15UCRFUoM1N9lhYwEnLAWDLPBnNxxOHTD6doP1FY9EgbPv1bnHGEumW7aVX0ImAPs_ZQ3Erlvm3v5pwI16k7yA6VJVP0-uK21ybkDrpB4OPF5enCi8uBGkmG2vmkvqjBHAX4NOH4XrsL-41vOn9r1f5TE8qXpjIW_aq%26sigh%3DUJRpQdUtw5LKmLCMUkjtVrG-ZpM%26begin%3D0%26len%3D33933%26docid%3D-8108879513854527475&thumbnailUrl=http%3A%2F%2Fvideo.google.com%2FThumbnailServer%3Fcontentid%3Da4c59cd414139d6b%26second%3D5%26itag%3Dw320%26urlcreated%3D1142942721%26sigh%3DZs69oJPedkzN6wAyKRCKKurkbiOc&playerId=-8108879513854527475" allowScriptAccess="sameDomain" quality="best" bgcolor="#ffffff" scale="noScale" wmode="window" salign="TL" FlashVars="playerMode=embedded"> </embed>
```

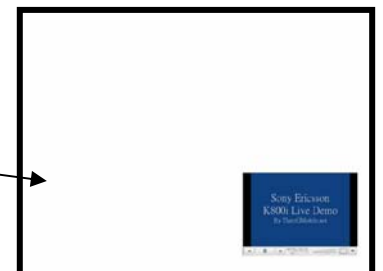

4. Paste the copied text into the browser window to see if the link is correct

5. Using the INSERT web page Add in\* for PowerPoint, copy the url and paste it into the liveweb dialogue box (use Ctrl+V to paste)

6. The video will now play in the window and can be scaled to any size
